

Nature Club

New club in 2024!

INFO!

Help start this new club and share your ideas! We will likely meet after school once or twice a month and sometimes more if we are working on a project.

Contact Mrs. Luzier in room 239 if you are interested!

karren.luzier@weschools.org

Our very first project started in 2023:

A butterfly rain garden!:

What it looks like: What it will look like:

Future project ideas:

1. Use of retention pond
2. Create a pond
3. Vegetable garden
4. Ecological Succession area
5. Greenhouse
6. Raingarden
7. Plant trees
8. Composting
9. Rain barrels with pvc drip irrigation
10. Recycling program
11. Succession field
12. Tabletop Biosphere
13. Terrarium
14. Self sustained terrarium
15. Aquarium
16. Garden in the classroom
17. Native animal tracking
18. Make watering jugs
